Sequence 35, Application US/09981353

Patent No. US20020160382A1

GENERAL INFORMATION:
APPLICANT: Lasek, Amy W.
APPLICANT: Jones, David A.

TITLE OF INVENTION: GENES EXPRESSED IN COLON CANCER
FILE REFERENCE: PA-0038 US
CURRENT APPLICATION NUMBER: US/09/981,353

CURRENT FILING DATE: 2001-10-11

NUMBER OF SEQ ID NOS: 194

SOFTMARE: PERL Program

SEQ ID NO 35
                                                                                                                                                                                                                                                                                                                                                   õ
